Airbus fly in to Nailsea School

Nailsea School Year 9 have been going through the difficult process of choosing their GCSE options for next year. Students have been attending a number of events and presentations to help them with the decision making.

This week recent graduates Rob and William from Airbus talked to Year 9s about the different ways they use languages in the workplace. Whilst showing the students the extent of Airbus operations across the world they gave lots of examples of how important language skills can be in business. Year 9s were interested to hear how every 1.5 seconds an airbus aircraft takes off or lands somewhere in the world. Harry from Year 9 said "I didn't realise how big Airbus was and that I can get an apprenticeship instead of going away to university and still have the chance to work all around the world."

Airbus are one of a number of companies that have been working with the school to enhance student's understanding of the world of work and the skills employers are looking for. Mrs Watts, Events Officer at the school said "It is important for students to understand the relevance of the subjects they study and how knowledge and skills learnt at school transfer into the workplace. We really appreciate companies like Airbus who give up their time to support our students and enhance their learning".

PRESS RELEASE

Headteacher: Mrs D Elliott

Mizzymead Road, Nailsea, Bristol, BS48 2HN
