## **Nailsea School Hub Given Westminster Approval**

Year 7 Students in Nailsea School's new Hub were excited to welcome Dr Liam Fox MP and present him with letters they had written about how well they have settled in to their new school. The Hub's inclusive provision offers an alternative curriculum and support to students who may find the transition to secondary school more challenging than others.

Miss Baldwin, Assistant Headteacher remarked "substantial planning and effort has gone in to the development of The Hub. Staff are passionate about this new venture and its positive impact for Nailsea School. Students were delighted to meet Dr Fox and always relish the opportunity to take the lead and demonstrate what they value about the school."

School Presidents together with Griffin House Head Boy and Girl led Dr Fox on a tour of the whole School during which Dr Fox remarked on the impressive facilities and how the design of the school enhances learning. Student Leaders took the opportunity to talk to Dr Fox about issues affecting education and gave their opinions on the consequences of changes to funding. Students were also keen to explain to Dr Fox the how visibly the school has improved under the leadership of the new Headteacher, Mrs Elliott. Nailsea's improvement year on year is reflected in the rising numbers of students applying to the school and last summer's record breaking exam results.

Dr Liam Fox MP said that "he was delighted to meet the students in the hub and enjoyed talking with them about their school. He added that he was very impressed by the maturity of the students throughout the school and their enthusiastic approach to their studies"
