

Welcome to Sixth Form Introduction

- What's the point of this?
- To give you some sense of how 6th form life is different.
- To introduce you to some new study skill ideas
- To explain what will happen between now and September

What's the differences to "normal" induction?

- We would usually run induction over 3 days in school. You would have an hour and a half with me, rest of the time would be going to taster sessions in your chosen subjects.
- In "normal" years there would be no transition tasks as you would be too busy with GCSEs
- We have decided not to try and do taster sessions online. Main reason is the transition task give a very good idea about the subjects we offer. These tasks mean you have spent more time and got more insight into chosen subjects than in a "normal" year so in some ways better than taster sessions.

Study skills

We will be doing plenty of work on this in Sept.

More independence is the big one, but do you know...
Best places to research?
How to check if websites reliable?
How good are you at managing your time?
What do you do when you have a problem with work?
Do you have a suitable place to work at home, free from interruption?

Enrolment and next steps

- Results day is 20 Aug.
- Nailsea students – when you pick up your results you will have a slip in your envelope telling you what to do next.
- Students from other schools – I will email you on the address I hold for you to remind you of what I'm about to say.

On results day at midday an enrolment form will go live on the 6th form page of our school website.

If you want to come to our 6th form – fill this in. Form closes 11.45pm 27 Aug

If you have decided to go elsewhere, no need to contact me, just don't fill it in. **THIS IS REALLY IMPORTANT**

Term will start for new y.12 on Weds 2nd Sept at 9.40am
