

Welcome

**A Message from the Headteacher**

May, and it seems as though the sun's warmth is finally reaching us! It has been a busy Term 5, with exam preparation taking place both on and off site. We have welcomed some of the new Year 7 cohort to #TeamNailsea and spent time with them and their teachers to get to know each other before they start with us in September. It's important to us at Nailsea to have a good understanding of our team – where their strengths lie, where they may need more support and who they are, so we invest a great deal of time trying to understand our students and what motivates them, to help them build a successful future. In Term 6 both the Year 10s and 11s will have a similar experience as they have taster days with our Sixth Form, which continues to grow in popularity.

Amongst the many individual and team successes this term include some fantastic sports results, such as the Somerset Cup where our year 10s missed out in the final to Millfield after a brilliant run-up. In a record-breaking entry for the school, 109 Year 9s completed their Duke of Edinburgh trials – in anticipation for the real thing next term. In addition to this, a group of Year 10s came home victorious from their Envision entry, successfully beating many others schools in the real-life business to school partnership project.

Next term our Aspire, Believe & Succeed motto continues to provide our focus, with our continued exam support and events such as the Sports Personality Evening, the Year 11 & 13 Prom, Sports day, Welcome BBQ and Work Experience Weeks. We're looking forward to getting stuck in, making our aspirations a reality and celebrating our achievements.

Mrs Dee Elliott

Headteacher

Governors

A Hello from the Governors - Meet the team

This term an introduction to one of our new Governors; Deborah Stephens.

I'm originally from Bristol but moved to Nailsea when my son was 3. He's currently in Year 9 and we love living in the North Somerset community and feel very lucky to be a part of this school family.

I currently work in a Primary School as a Business Manager and absolutely love working with children. Over the last few years, I have studied alongside working and gained a BA in School Business Management and am just about to complete my MSc in Educational leadership.

I'm passionate about improving the outcomes for all children and feel privileged to be a part of this journey. I love reading in any free time that I do get, and I try to find time to attend athletics competitions, sadly only as a spectator!

I'm really looking forward to supporting the school in my Governor capacity.

We welcome to Deborah to the team— her expertise will be an invaluable asset, thank you so much for volunteering your time!

#TeamNailsea

Sixth Form Round-Up

As we head into the final term of the academic year, we look forward to the happy endings and new beginnings that inevitable follow. Our 13s are in their final part of their Nailsea Sixth Form journey and we look forward to celebrating the end of the exams and their exciting futures, including at the Summer Ball!

Year 12s are getting ready to focus on their final year with university and apprenticeships preparation including, Work Experience Week, Open days and finalising personal statements and

covering letters.

We look forward to moving into the final term of the academic year and introducing our current Year 10s and 11s to our Sixth Form as their journey continues.

Mr Truan—Head of Sixth Form

NAILSEA SIXTH FORM - YOUR JOURNEY | YOUR FUTURE

Somerset HE+

Eleven students from Year 12 attended the Somerset HE+ Conference. These students are considering making an Oxbridge application to study at either Cambridge or Oxford. Our students had the opportunity to engage with a wide range of high achieving students across Somerset and North Somerset.

The group prepared presentations of their wider reading and engagement in their subject areas beyond the curriculum. They also had a seminar from Cambridge Admission tutors, learning about the application process and what universities are looking for in a competitive application.

The students also had the opportunity to try out Pre-Admission Tests, including interpreting the code from a made-up language! It was a really useful day of sharing expertise and knowledge.

Mrs Macleod | Head of Year 12 & 13

Year 12 University Day Trip

At the end of last term, the whole of Year 12 visited the University of Bath to continue to develop their understanding of university life and what a university can offer. They experienced a campus tour before having a range of talks throughout the afternoon, from how to choose and apply to university to the significance of the personal statement and student finance. Students then had the opportunity to ask Student Ambassadors a range of questions.

It was a useful experience for any student considering their next steps— even those who had not thought of going on to university, particularly the talk on preparing personal statements which is a useful lesson to learn whatever anyone's next steps.

Mr Truan | Head of Sixth Form

Historical Programme Design

I was asked by Ms Davies and the Nailsea Council to draw the front cover of a programme for the King's Coronation. The lady helping to organise Nailsea's Coronation fair, Jessica, showed me the original programme design from the Queen's coronation and asked me to design something similar, but more modern and in my own style.

I wanted to keep it simple so decided to keep some of the design elements from the original programme but made the focus of the design the flowers that represent the four countries in the United Kingdom, since they make up the main design on the King's emblem.

I drew the design using Procreate on my iPad and gradient mapped the black and white design to the specific colours used in the emblem to create the final product.

Edie C | Year 12

Sixth Form Social

Nailsea Sixth Form occupied multiple lanes at Hollywood Bowl for last terms social event, where our Year 12 and Year 13 students competed to be crowned the Post 16 Bowling Champion. Jacob W and Jack S both scored an impressive 159 points, however Jack took home the trophy due to his four strikes.

Well done to all who participated.

Year 13 Leavers Week

NAILSEA SIXTH FORM - YOUR JOURNEY | YOUR FUTURE

Year 13s took part in a week of entertainment including rounders, football, 'sponge the teacher', leavers' assembly, fancy dress and colour run. We wish you all the best for your exams!

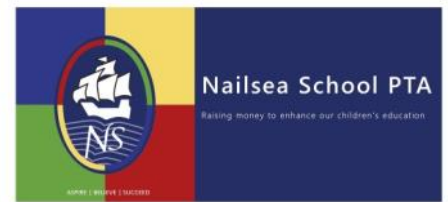

Where the Money Goes

Each term the PTA asks all departments across the school to put in applications for funding. It's a simple form and it helps the PTA make sure the money is shared across #TeamNailsea and helps them decide on where the funding will be best used.

This term the PTA have donated to five different departments each with a variety of requests.

- PE Department: - £400 for new summer sports equipment including
- Religious Studies - £260 for GCSE text books on Judaism
- Geography Department: - £191.96 for whiteboards to use in the classroom
- History Department: - £382.40 for text books on the transatlantic slave trade

Ways to Support - Easyfundraising

This year our Easyfundraising shoppers have helped us raise over £150 and you too can help us and fundraise when you shop online. Thank you so much for your support!

Are you thinking of booking a holiday, or making a large purchase, maybe renewing your car or home insurance? Please consider purchasing via Easyfundraising, it allows you to access over 4,000 online shops and sites who will donate to us for FREE every time you spend with them.

These donations will help SO MUCH, so please sign up to support us – it is completely FREE and does not take long. Register now before you start shopping, follow the link <https://www.easyfundraising.org.uk/causes/nailseaschoolpta/>

Ways to Support - School Lottery

We run a weekly school lottery which is a fantastic way to support the school with a cash prize winner every week locally and a jackpot of £25,000 nationally. Signing up is easy and tickets costs just £1 a week, so why not visit www.yourschoollottery.co.uk and search for Nailsea School.

It is a great way to give regularly to the PTA and once it is set up—you don't have to do a thing, with the added bonus of maybe becoming the next lucky winner – Good luck!

So far this year our School Lottery has raised over £500! Thank to everyone who has supported us so far!

Summer Raffle

Next term will see the return of our fabulous Summer Raffle. We have some great prizes kindly donated by local businesses and a full list along with raffle tickets will be available next term.

Just a small selection of prizes already donated are BCC football match tickets, UK Active Outdoor - SUP for 2, large monitor, family frisbee, Wookey Hole, Laser Fusion, Simply Green voucher plus vouchers from many other local businesses.

If your business is able to donate any raffle prizes we would be very grateful and you can contact us at nailseapta@nailseaschool.com . Information on purchasing tickets will be sent home next term.

School Uniform Wanted

Do you have unwanted school uniform or PE kit? The PTA would love to receive it, it can be dropped into reception marked for the PTA or we can arrange to collect from you. Please email the PTA in the first instance to arrange

nailseapta@nailseaschool.com

New Head of Department

My name is Mr Pate and I'm delighted to have started here this term as Head of Music at Nailsea. It's been great to meet lots of students already taking part in music in school, and I'm keen to get even more music happening at Nailsea over the summer term!

We are looking forward to lots of practical music making in lessons and a range of exciting clubs, concerts, trips, tours and more coming up! To begin, we have just launched our range of extra curricular clubs and would love to have students come along and try them out!

The music clubs we have on offer are for all students regardless of previous experience - all are welcome and we will make sure we create parts for you to play or sing which are right for you. You can see a summary of all the clubs we have on offer and a quick rundown of what they will involve here:

<https://www.youtube.com/watch?v=OhUur6qQByY>

If you have any question please do let me know. Look forward to seeing lots of students at music clubs too!

Mr Pate
Head of Music

What's Happening in Music this Term

Year 7 students are exploring different musical structures, playing everything from the tetris theme (binary form), star wars (ternary form) and pop songs (including Dua Lipa and Bastille) as a whole class band

Year 8 students are learning about traditional Indian classical music, and have composed their own raga scales and tala patterns. They are then going to experiment with musical fusion - adding drum loops, vocals and more to their group performances.

Year 9 students are using the programme Garageband on the computer to create minimalist pieces of music inspired by composers like Phillip Glass as well as minimal techno and dance producers.

Choir have started the song 'As it Was' by Harry Styles in two part harmony, and are sounding amazing already!

Jazz Band are learning the Ray Charles classic 'Hit The Road Jack' with some fantastic singers, rhythm section and wind/brass parts (although more wind/brass players would be very welcome!)

Orchestra are learning a lovely arrangement of John Lennon's beautiful song 'Imagine'

Guitar and Uke club started learning some Oasis, which is an essential skill for all guitarists to have!

Mr Pate
Head of Music

Extra Curricular Clubs for Music Term 5 & 6

	Monday	Tuesday	Wednesday	Thursday	Friday
Lunch Time	Wind band	String Group Guitar / Uke Ensemble	Nailsea Singers		Orchestra
After School			Jazz Band	Music Tech Band Academy	

Chemistry Olympiad - Gold

Congratulations to Harry T, Harry L and Mikey A on achieving a Gold Award in this year's International Chemistry Olympiad.

The Chemistry Olympiad is designed to stretch A level Chemistry students beyond the scope of what they would normally learn within the specification. It combines some very tricky Maths aspects with university level chemistry content and this year focused on rocket fuels, electronegativity, amino acid complexes, vaping and cheese!

Nearly 12,000 students participated with only 9% achieving a gold award, so the difficulty of these papers cannot be underestimated and the boys should be very proud of their achievements.

Coming along well for success next year were Y12 students Tom R, Dexter G, Josh L, and Jacob S who all were awarded bronze. This is particularly notable as they have only covered half of the A level syllabus at this point and are showing great resilience to attempt these papers. Well done to all and good luck to our Y13's in their upcoming Chemistry exams.

Ms Evry
Head of Science

Hard Boiled Histories

Students were invited by the History department to take part in a 'Hard Boiled Histories' competition, they were asked to decorate an egg as a remarkable figure from History.

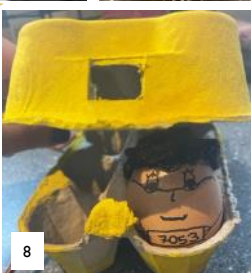

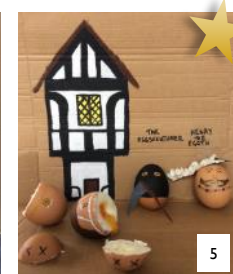

A huge thank you for the eggcellent entries. The History team have been cracked up with the wonderful effort shown across KS3 and it was eggsausting judging the entries.

We've had egg-splorers, eggs-ecutions and s-egg-regation activists among many other eggseptional individuals immortalised in shell form.

Mrs Nicholson is eggstatic to announce the three winners, Rowan P, Phoebe T and William B who each won a chocolate egg and a signed copy of Alice Robert's book 'Ancestry' which she very kindly donated to the school.

An eggstra special mention to our runners up: Florence H, Sophie B, Rachel H, Rory W, Joe G, Summer C and Will M.

Mrs Nicholson

Duke of Edinburgh Awards 2023

On Friday 21st April over 100 Year 9 students embarked on their Bronze Duke of Edinburgh Practice expedition on the Mendip Hills Area of Outstanding Natural Beauty (AONB)

Due to the unprecedented numbers we ran a split start route which posed its own logistical challenges. After overcoming these all groups set off excited and were greeted for the first few hours with pleasant mild conditions. Sadly, this weather did not last to the afternoon and the post lunch walking session was met with a drop in temperature and some heavy rain. Luckily waterproofs were at the ready and all students made it to basecamp before 6pm with only a few minor navigational errors.

At the camp they were treated to a lovely bit of early spring sunshine and a beautiful sunset as they set up tents and prepared their well-earned dinners. Tired legs and sore feet retired to bed early in readiness for the following day. After a chilly night and early start all happy campers were up and on their way by 8.30 to complete their routes. New found navigational skills on hand, the majority of groups made excellent time on Day 2 and impressed both school and Mendip Outdoors staff with their resilience, teamwork and progress. Even groups suffering from some Day 1 fatigue, and still getting to grips with map skills, remained positive and committed. All groups finished Day 2 by 4.30pm with students walking between 30 and 40km over the duration of the weekend.

Students have reflected on the challenges faced over the weekend and are feeling prepared to replicate the feats of the weekend when they participate in their qualifying expedition in September.

Well done to all students who took part and a special mention to the staff who, without giving up their time and offering their support the weekend could not have gone ahead.

Mrs Mason, Mrs Sutherland, Mr Anstey, Miss Timmins, Mrs Scott, Mrs Coates, Mr Paillier and, Mrs Lange.

Mrs Wells

Duke of Edinburgh Award Coordinator

Music Department Donations

Do you have any old musical instruments looking for a new home? Bass guitars gathering dust, half sized acoustic guitars you've grown out of, or even an inherited drum kit you don't use?

The music department are looking to build up our collection of instruments and are keen for any donations that we could put to good use in our lessons at Nailsea. In particular we are really keen on any band instruments you might have - eg. acoustic or electric guitars, bass guitars or drum kits, but we'll be very happy to look at any other instruments you're looking to get rid of!

Don't worry if they need a bit of TLC (eg. new strings), in most cases we can get instruments working well enough for students learning in the classroom - we'd really appreciate anything you can spare.

If you have any questions please email Mr Pate on dpate@nailseaschool.com

Mr Pate
Head of Music

Nailsea School Year 10s - in kit sponsored by The Link

Schools Somerset Cup

Congratulations to Nailsea School Year 10 football team who were runners up in this years Somerset School Cup.

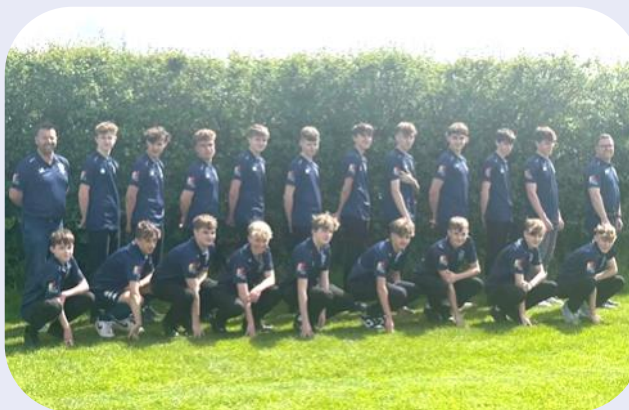

Nailsea lost to Millfield in the final, however the team did exceptionally well across the season to get there. It was a closely fought game but in the end they were beaten 4-2 by the independent school.

#TeamNailsea should be very proud of getting so far in their competition, it is a great achievement and your conduct has been exemplary.

Team Members: Will C, Charlie H, Thomas L, Sam H, Tiger W, Samson C, Luke H, Zach F, Max H, Tyler M, Ned H, Joe T, Robert M, Lewis W, Jack R and Aaron S

Nailsea Junior Football Club

Nailsea Junior Under 15s - in kit sponsored by Butterfly Travel

Nailsea Junior Football Under 15s football team is made up of many Nailsea School students and we wanted to celebrate their success in this year's Somerset Cup. The team reached the final to play against Yatton FC.

The team, managed by Matt Hicks, Steve Spencer and Chris Ford played an incredibly tough game and continued to challenge the opposition throughout the match. The standard of football was excellent. Unfortunately, in the 89th minute a penalty was conceded and scored by Yatton. With only a minute left to play, Nailsea had no way of pulling this back and they missed out on winning the cup, 1 - 0.

It was a really tough end to the tournament but they played such amazing football, not only throughout the cup challenge, but also on the day just missing out to a team who are in a division above them.

The team played with pride, character, strength and friendship and even with the loss, did not let themselves down. They should be incredibly proud of everything that they have achieved and keep their heads held high.

Team Members from Nailsea School were:-Tyler M, Jake R, Sam H, Zach F, Zach W, Lucas S, Jack R, Tiger W, Matthew M, Matthew P, Samson C, Henry H and Max H. Supporting players unable to play on the day were Charlie H, Adam A, Ned H. Well done to all involved!

House News

Well done to Unicorn for their Charity Week held in Term 4, as well as a huge donation to the Food bank they raised an impressive £1223.70, to be shared between Cancer Research - £305.66 , The Grand Appeal - £388.30 and Children's Hospice South West - £529.74. The week was great success - well done!

- Non-Uniform Day = £529.74
- Cash For Clothes = £70.00
- Sponsorship = £388.30
- Cake Sale = £127.11
- Chocolate Raffle = £108.55

This term sees the Griffin Charity Week, they have arranged a virtual cycle tour of Great Britain taking on the infamous Land's End to John O'Groats cycle ride. They are currently in full swing and on target to reach their destination by the end of term!

Careers Update

Hi Parents and Carers. What a busy time it is throughout the school! There feels a sense of transition around the building.

We have **year 10** students preparing themselves for their experience of work week, which is June the 26th to the 30th. Unfortunately we still have a number of students without experience of work opportunities, if you are able to support a student through your business/role at work or if you have a friend of a friend

Please do email me gbennett@nailseaschool.com so that we can try to ensure that every Year 10 has an opportunity.

I'd like to congratulate the **Year 11** students in regards to their approach to their exams. I have had the privilege of invigilating an exam and on a daily basis I get the chance to speak with Year 11's to "check in" with them about how they may be feeling before and after exams. Keep going, I think you are all amazing. I am in the process of meeting with all of our **Year 12** students, working with them, their tutors and Mrs. Macleod throughout their journey in preparation for post 18 pathways. They have an exciting time ahead with lots of activities arranged by Mrs. Macleod for the Pathway Day on Monday the 3rd of July. The rest of the week Year 12 will have their experience of work week. Like Year 10 we have a number of students

that don't have opportunities of work placements. If you can help or know anyone that can, please do contact me. In particular, we have students that need experience of work linking to their love of History and Maths. Years 7, 8 and 9 continue to learn about careers throughout the ABSolute programme, full details can be found on our website. Plans for next academic year include the introduction of the 'future planning' tool - Unifrog for all year groups.

Finally, **Year 13**, it has been a joy to meet you! If you need any support, please feel free to contact me. I wish all of you well with your revision and I look forward to seeing you on results day in August.

That's a short overview from me, both myself and Mrs. Rutty are working towards the plan for careers and employability for academic year 23/24 - watch this space!

Have a restful and productive half term.

Mrs Bennett

Careers and Employability Coordinator

Envision Winners

Congratulations to the Year 10 students who took part in the Envision programme. They successfully won their pitch in their round of the Envision challenge! Envision is a UK charity that exists to empower young people to develop essential skills and confidence to succeed beyond the classroom.

The 12 week programme is a competition where students work with Envision staff and volunteer mentors from local businesses to tackle social issues affecting their community. The programme aims to develop communication, creativity, determination and teamwork skills in young people as well as their social skills and confidence.

The sessions take place weekly and the school's business mentors attend two of the sessions giving advice and sharing ideas.

The two challenges are the 'Pitching Challenge' where the students present a social action project—in Nailsea's instance it was a mental health support resource called 'Seahelp' and the second is a 'Final presentation' where their project is outlined to a panel of judges in a competition against other schools / teams.

Nailsea's mentors were incredibly supportive from the project management company Faithful and Gould—they had so much advice and really supported #TeamNailsea—even turning up with a special cake and customised t-shirts!

Well done to the Year 10s—winning was no easy achievement, you really impressed the judges and the business mentors with your fantastic ideas and attitude!

Publications and Development Officer

Climate Discussion

I attended a climate change meeting hosted by the Nailsea Climate Action Group. The event took place inside Nailsea School, and individuals were treated to tea, coffee and cake. Kingsley, a representative from the local Nailsea group, gave a warm welcome and introduced the night.

The need for climate action, and the evidence behind it was presented to us in a powerful motion. We were told to hold our friends and family close to us in our hand while we heard the devastating impacts climate change will have on us, if action isn't taken to significantly reduce global carbon emissions. After this, members of local and national environmental groups began to introduce themselves, and how they got involved with their cause, this included a Green Party member from the North Somerset Council.

The panel then became open for questions, which allowed a monumental and overwhelming topic to be discussed in a careful manner. Once the conversations had slowed, we were given an activity to do with our neighbours. We brainstormed ideas that we could do personally to improve our sustainability. Not only did this inform me on sustainable practice but also gave me a chance to meet environmentalists who I might not meet otherwise. Once the time ran out, one member would present to the whole group with two of the ideas.

Although the meeting was two hours long, it felt like minutes as I was focused on every last detail. At the end of the night, you could write your email down on one of the panel members sheet, if you had any further questions. Outside the auditorium were leaflets on how you could join the local groups or be involved in local actions to protest the lack of action over climate change. Overall, despite the meeting originating from a devastating subject of climate change, it landed on a more positive note. Allowing inspiration and a sense of community to arise and showed me how individual action can become collective action. Seeing so many members of the local community at the meeting gave me hope that this is possible.

Thomas H

Year 13

Up On The Roof

After waiting months for the weather conditions become safe enough for us to walk on the roof, our geography class was allowed to tour around the school's energy sources. One of our Geography A-level topics is energy, and as a part of it we learn about radical technologies which are helping to create a more sustainable future.

As Nailsea School is a newer building, we have first-hand access to these technologies in action. Initially, we headed onto the roof where we looked at the solar heating panels which provide more than 30% of the hot water.

After this we looked at the air handling unit which exchanges air throughout the building in order to regulate temperature and CO2 levels. Next the guide mentioned the rainwater collectors which are found around the school, filtered with a natural membrane, and are cost effectively supplying most of the school's toilets with water.

For the final location we headed outside the biomass boiler, we entered the room in which the wood chips were burned. While exploring the sites we analysed the costs and benefits of each technology. This allowed us to gain a holistic view, and the guide even discussed upcoming projects the school may proceed with. Thank you to Mr Colbourn, the tour round the school was a nice change from traditional learning and made revising the energy topic fun and informative.

Mrs Jones

Geography Teacher

Bristol University Mock COP-28 Experience

The Mock COP-28 was an immersive negotiation experience held at Bristol University, designed to mimic the decision making processes that will happen at the real COP-28 in Dubai later this year. In 12 teams from different schools in the South West, we were given a country, organisation or company to represent alongside all the information we would need to know. We had to work towards resolutions of the biggest issues facing our planet such as mass farming and peak oil, whilst keeping the best interests of our country or organisation in mind.

The day saw every team setting out their main goals in an opening statement, followed by four rounds of fierce negotiations between teams. The day ended with voting on the potential resolutions we had been discussing. With my team representing the People's Republic of China, we had to make sure resolutions wouldn't harm our rapidly growing economy making negotiations with organizations who wanted more serious changes such as Greenpeace challenging. Many compromises had to be made in negotiations, leaving most teams unsatisfied with the final outcomes.

Overall, the mock COP-28 gave us great insight into how different countries may negotiate or interact with one another when looking for climate change solutions, and why it feels as if most events such as COP often lead to very little changes due to the compromises which are forced to be made. We all enjoyed the experience a lot and learnt valuable skills from it.

Tom E

Year 12

West of England School Summit review

I attended the West Of England School Summit in order to share our views on the local area and learn how we as individuals can have a more environment focused mind set. We participated in three events throughout the day which included activities such as designing new, more sustainable transport and discussing ideas around how we can make a difference to the environment in our local area (such as convincing farmers to use their land for wind-farms or how farmers can use pills to stop their cows farting!). The day also included lots of talks from the West Of England Metro Mayor Dan Norris and the very enthusiastic Junior Saunders giving us insight into what our input does in the real world. Overall, we feel the Summit has not only allowed us to improve our collaboration skills but also has taught and encouraged us to contribute ideas to our local area in order to see the change we want.

Thomas F
Year 10

NAILSEA SCHOOL STARS

Celebrating those that have aimed a little bit higher, believed in going the extra mile and succeeded in reaching their goals. If there's someone you think deserves "Nailsea School Stars" recognition, or you have a great story to share then please do drop us an email with details to fdavies@nailseaschool.com

YEAR 7

- In Humanities, Mr Boyce is giving 'star-status' to Ellie P for the most impressive homework on Hinduism. Such fantastic pride and effort has gone into it - it is on my Wonderwall!
- In English / Drama faculty, Mrs Jones is really impressed with Florence H for being a Nailsea superstar!
- In Humanities faculty, Miss Timmins is awarding 'star status' to George S for an amazing Kenya fact file homework. Super impressive drawing of an elephant, surrounded by brilliant geographical facts!
- In MFL faculty, Mrs O'Reilly is really impressed with Harry C for his outstanding linguistic skills in Spanish and the excellent progress he has made this year
- In Humanities faculty, Mr Anstey gives a big shout out to Yaroslava N for an absolutely superb Geography homework all about Kenya.

YEAR 8

- In English / Drama faculty, Mrs Truscott is awarding 'star status' to Maggie G for being a Nailsea superstar!
- In Maths faculty, Miss Miller is awarding 'star status' to Moses A for phenomenal progress on Hegarty Maths
- In MFL faculty, Mrs Dunn is giving star-status to Ruslan F for overcoming everything going on outside of school and picking up a new language from scratch and always giving it a go!

YEAR 9

- In Expressive Arts faculty, Ms Hancock-Martin is really impressed with Aaron R for unique and exciting responses to art homework tasks this term
- In Humanities faculty, Mr Anstey is really impressed with Destany P-K for showing great initiative and independence by asking for extra work to complete outside of school including an assessment that was missed.
- In Science faculty, Miss Dee is really impressed with Emily G for her incredible pride and presentation in her Science work to match the outstanding effort put in too! Well done
- In MFL faculty, Mr Paillier is awarding 'star status' to Olivia W for excellent effort and consistently providing high-quality contributions in Spanish lessons.
- In English / Drama faculty, Ms Jacobs is really impressed with Sienna B for the amazing progress you've made in English!

NAILSEA SCHOOL STARS

Celebrating those that have aimed a little bit higher, believed in going the extra mile and succeeded in reaching their goals. If there's someone you think deserves "Nailsea School Stars" recognition, then please do drop us an email with details to fdavies@nailseaschool.com

**YEAR 10**

- In Health faculty, Mrs Gardiner is really impressed with Emily W for her amazing effort and determination to do well in her Health and Social Care lessons and assessment recently.
- In English / Drama faculty, Ms Cowling gives a big shout out to Maisie M for being so proactive in lessons and working really hard to achieve her first grade 6 assessment - well done Maisie!
- In MFL faculty, Mr Paillier is awarding 'star status' to Nathan W for great participation and always having a positive attitude in Spanish lessons.
- In Science faculty, Mr Bradley was so impressed with Roxy McD for persistent hard work and effort throughout the year. Keep it up!

YEAR 11

- In Humanities faculty, Mrs Nicholson is really impressed with Alfie B for always being polite and considerate in lessons
- In English / Drama faculty, Mrs Jones gives a big shout out to Nisha T for the brilliant revision work done outside of school! Well done!
- In MFL faculty, Miss Cahill is really impressed with Y11 French students for the effort they put into their recent speaking exams.

SIXTH FORM

- In 6th Form faculty, Mrs Jones is really impressed with Zain R for the impressive commitment to getting the best grade possible in the NEA. Excellent effort!

Great Term 5
#TeamNailsea
 See you on
 the 5th June
 for a week
 one start!
