

13<sup>th</sup> June 2025

Dear Parents/carers

Although, at this time of year the notices in my weekly letter appear much shorter than usual, that does not reflect the amount of work staff are continuing to be involved with on site. Curriculum Enrichment Week is very much on the horizon with a number of residentials, day trips and on-site activities taking place. During the same period preparations have also been confirmed for year 10 students on Work experience and year 12 exploring their future 'Pathways'. I know from previous years students will have a wide range of areas to experience, adding to the important idea of a fully rounded education.

Other messages for the week can be found below:

## **Year 11 Prom deadline**

As a reminder the deadline for payments to be made for tickets to the Year 11 Prom at Cadbury House is the end of the day today, Friday 13<sup>th</sup> June. Tickets will not be able to be purchased after this date. All details are on Parent Pay. Once numbers have been confirmed the school will contact students and parents next week to confirm any dietary requirements.

## **INSET day - Monday 30<sup>th</sup> June**

As a reminder the final INSET day of the year is scheduled for the end of June. Students are not expected on site on this date. Teachers will be involved in planning and preparation for next academic year. Normal timetabled lessons will continue on Tuesday 1<sup>st</sup> July with the school day starting at the normal time of 8:30am. This will be a week 2.

**Finally...**next week is the final 'normal school week' before the timetable is disbanded for Curriculum Enrichment Week (CEW). I would like to take this opportunity to thank Mrs Gardiner for all her work in organising the on site activities and liaising with the trip leads to enable the week to go ahead. Students in years 7, 8 and 9 should have been informed by their tutor which activities they are involved in during the week. As so many activities are taking place the week commencing 23<sup>rd</sup> June will also be one where staff and students can wear non-uniform for ease of movement. I look forward to passing on the successes of the week in due course. Have a lovely weekend.

Take care

Dee Elliott,

Head teacher
